

Vocation Prayer

O God, our loving Father, one who listens to our prayers when we are in need—we come to you with an urgent plea for your intercession. For centuries young men and women have heeded your call to ‘Come, follow Me’ and given of themselves as priest, sisters and brothers. The call for laborers to come to the harvest is still there and the need is great. Open the minds, hearts and desires of many to answer that call and give of themselves to spread the Good News wherever they are needed, especially to seek out and find those who are most in need.

We pray especially for the needs of our community. Our members are few but the need is great to be able to minister where we are needed. Please bring new life into our community so we may be able to spread the Gospel as we have done in the past and to be of service to those in need. Be gracious and listen to our prayer. Amen.
